Mr. A. L. Manley
71 Crawford Street
Newark, New Jersey

Dear Mr. Manley:

I received your letter this morning and am writing to clarify the matter of the scores. I discovered after you left that I had misplaced Mr. Posey's address, so I took the liberty of mailing the scores to Frank Forbes' New York address with instructions to forward them immediately to Mr. Posey.

I heard from Forbes on Monday and he told me that he had forwarded these scores to Mr. Posey's office for me.

I sincerely regret this round-about procedure, but I felt sure when you were here that I had Cum Posey's address. As soon as I discovered that it was lost, I did what I thought was the next best thing. I am certain that Posey has the scores by now and that everything is in tip-top shape.

Please let me know well in advance of your appearance here with the Grays or the Elites. I feel sure that one really good game here will make up for all the bad breaks and will restore your team to popularity in this section.

Very truly yours,

Lem
